

## Exercise 5-1: Recognizing Modeling

**INSTRUCTIONS:** Modeling begins very early. It involves speech patterns and gestures as well as behavior. Look at child's actions and answer the three questions below.

1. List several things your child already does that imitate you or other persons in your family.

---

---

---

---

---

2. List two habits or traits you or your spouse have that you hope your child **will** pick up.

---

---

3. List two habits or traits of yours or your spouse that you hope your child **will not** pick up.

---

---
