

Exercise 2-2: Developmental Levels

INSTRUCTIONS: Look up the age at which most children (75%) develop the ability desired by the parent in the preceding exercise (2-1). The developmental chart is on page 12.

A. Matthew — separates easily from his mother.

B. Mary — dresses without supervision.

C. Margaret — builds a tower of four blocks.

ANSWERS: **Matthew:** 75% of children separate easily at age 3½. **Mary:** 75% of the children dress without supervision at 4 years. **Margaret:** 75% of children can build a tower of four blocks at 20½ months.
